

Madawaska Valley Public Library Policy Manual

Policy Type: Human Resources

Policy Number: HR-13

Policy Title: COVID-19 Pandemic Policy

Initial Approval Date: November 2020
Review Date: 2024

This policy establishes guidelines for safe work procedures during the COVID-19 pandemic situation for all staff and volunteers of the Township of Madawaska Valley Public Library (the Library).

Recognizing that this is an evolving situation, staff and volunteers are asked to review the following information to minimize risk and help ensure a safe and healthy workplace. *See also Policy Number OP-02: Safety, Security and Emergency, Appendix A: COVID-19 Emergency: Mandatory Face Masks.*

Section 1: COVID-19 Prevention

1. Staff are encouraged to follow the preventative measures recommended by the Public Health Agency of Canada (PHAC) and Renfrew County and District Health Unit (RCDHU) and regularly self-assess using the available online tool at <https://covid-19.ontario.ca/self-assessment/>
2. As instructed by the RCDHU, employees with symptoms of COVID-19 should contact their local health unit at 1-613-735-8654 ext. 577 or Telehealth Ontario at 1-866-797-0000 for further guidance. The RCDHU has additional COVID-19 information available at <https://www.rcdhu.com/novel-coronavirus-covid-19-2/>
3. To help prevent the spread of COVID-19, staff should:
 - a) wear masks whenever possible throughout the Library;
 - b) stay behind the plexiglass divider at the check out desk;
 - c) implement social distancing of 2 metres (6.5 feet);
 - d) wash hands thoroughly with soap and warm water, or use hand sanitizer (i.e., an alcohol-based hand-rub);
 - e) cough and sneeze in your arm or sleeve, not your hand(s);
 - f) avoid touching your eyes, nose, or mouth with unwashed hands;
 - g) keep workstation, common surfaces and items clean;
 - h) wear masks in public;
 - i) reduce frequency of visits to stores and other public places;
 - j) avoid travel outside of Renfrew County, when possible;
 - k) if you get sick, stay home until your symptoms are gone; and
 - l) use the online self-assessment tool to determine next steps.
4. Please remember the importance of social distancing and practice it both at the Library and outside of the Library.

Section 2: What to do if you exhibit COVID-19 symptoms

For the health and safety of our staff and clients, all staff have a responsibility to protect themselves and others by understanding the early symptoms of COVID-19 and staying home when you exhibit symptoms. *Appendix A* is a Self-Declaration Form for staff information; please use it if you or a member of your family develop symptoms. Staff are asked to complete the COVID-questionnaire prior to each shift.

1. Procedure if a staff member shows symptoms of COVID-19:

- a) A staff member with symptoms of COVID-19 should notify the CEO/Librarian, arrange for a COVID-19 test, and self-isolate until test results are back.
- b) Staff are asked to provide a copy of the results.
- c) The Library will remain open. The CEO/Librarian will arrange for a volunteer(s) to work with the CEO/Librarian and staff to cover missed shifts. Should a volunteer not be available, staff will be asked to work any shifts not covered by volunteers.
- d) If two staff members are sick or waiting for the results from a COVID-19 test, the second individual working a shift would have to be a volunteer. Should we not be able to staff a significant number of open hours, we may need to close the Library until we can staff sufficient hours again.

2. Procedure if a staff member tests positive for COVID-19:

- a) Staff are asked to provide a copy of the results.
- b) The CEO/Librarian contacts the local health authority;
- c) The Library closes until all staff have been tested and cleared.

3. Procedure for staff in Self-Isolation:

- a) Staff are asked to self-isolate for 14 days if:
 - i) they live with, provide care for, or have spent extensive time with someone who has tested positive for COVID-19; or
 - ii) they have respiratory symptoms (fever, cough, or shortness of breath) and are suspected to have COVID-19;
- b) Staff who are required to self-isolate in accordance with these recommendation can draw from their banked hours, sick time, or vacation time during the isolation period. Staff that can work from home and be available for telephone calls if they are well enough to do so, will receive regular pay.

Initial Approval Date: November 2020
Review Date: 2024

Section 3: Sick Leave, Leave and Vacation Requests

1. In accordance with direction provided by the Province of Ontario, staff diagnosed with COVID-19 will not be required to provide a doctor's note to receive certified sick leave. Those experiencing symptoms of COVID-19 should self-assess using Ontario's online tool. When required, testing for COVID-19 will be coordinated through the local health unit. It is our understanding that test results should be made available within 48 hours. If a staff member is diagnosed with COVID-19 or is under investigation for it, they are to immediately advise the CEO/Librarian. Staff are reminded that during this ongoing situation the Library, at this point, remains open with limited access and employees who are not sick are expected to work.
2. Staff are asked to complete a sick leave application form to support extended staff absences.

3. Permanent Part-time Staff:

- a) Staff that exhibit signs of COVID-19 and need to be tested could miss 1 to 12 days of lost work.
- b) Permanent Part-time Staff who miss *up to two days of work* will make up the missed hours.
- c) Permanent Part-time Staff who miss *up to 10 or 12 days of work*:
 - i) If an individual is waiting for a COVID-19 test result or must self-isolate for 10 – 14 days, they are eligible for the federal Canada Recovery Sickness Benefit (CRSB). See <https://www.canada.ca/en/revenue-agency/services/benefits/recovery-sickness-benefit/crsb-who-apply.html>
 - ii) If an employee becomes very ill with COVID-19 and cannot return to work for an extended period of time the CEO/Librarian will determine if their job can be posted as an interim position. The employee will be eligible for EI Sickness Benefits, and their job will be held until they are able to return to work. See <https://www.canada.ca/en/services/benefits/ei/ei-sickness/qualify.html>

4. Full Time - CEO/Librarian:

- a) As per the Township of Madawaska Valley Corporate Policies and Procedures, the CEO/Librarian is credited 1 day of sick leave for each full calendar month of full-time service.
- b) Should long term leave be required, the CEO/Librarian would access benefits from the extended health care plan.
- c) Many aspects of the CEO/Librarian job can be done from home; however, we would need to invest in some software or additional licensing for some programs.

Review Date: 2024

5. Vacation Requests

- a) Vacation requests submitted at this time will be considered on a case-by-case, operational requirement basis as we continue to work towards maintaining a healthy work place and service to clients.
- b) Non-essential travel within Canada is strongly discouraged.
- c) Any travel outside of Canada for personal reasons is strongly discouraged. If personal travel is cancelled, the Library cannot provide reimbursement for related costs.

Section 4: Missed Work for Parents/Caregivers

The Library recognizes that parents and/or caregivers will be away from the workplace pending the results of a COVID-19 test for their child(ren) or others in their care, and would like to outline the options available to staff:

1. Vacation and banked overtime can be utilized pending COVID-19 results when caring for immediate family members. Further direction will be provided depending on the outcome of the COVID-19 test.
2. Sick leave can be utilized, if the staff member has proof that they have been tested for COVID-19 and are awaiting results. Further direction will be provided depending on the outcome of the COVID-19 test.
3. The option to work from home, if operationally feasible, will only be considered on a case-by-case basis.
4. Long-term leave, sick benefits through Employment Insurance or CERB-related programs may be an option.

Section 5: Work from Home or Shift Work

1. Opportunities for working from home can be explored but are limited. The determination on who can work from home will be the responsibility of the CEO/Librarian. The CEO/Librarian will consider how to best ensure service delivery. Library policy requires two staff persons, or a staff person and a volunteer during open hours for safety reasons.
2. The CEO/Librarian may determine that there is not enough work that can be done from home in the current position and other project-related duties need to be assigned to other staff. When that happens, the CEO/Librarian expects everyone's cooperation. A staff member's rate of pay would be continued regardless of the task assignment under these conditions.
3. Working from home is all about trust: we trust that while working from home the Library will provide a fair's day pay for a fair day's work.

Review Date: 2024

4. As the situation evolves, should the provincial order change to reduce our staffing, the Library will be closed.
5. New work arrangements could also be considered such as staggered hours, a rotation cycle of work (3 days out of the office two days in) or any combination of hours that minimizes a staff member to be physically in the workplace.
6. In setting up the arrangements for working from home, the parties need to consider:
 - a) How will hours, leave, vacation, etc be verified?
 - b) The CEO/Librarian and staff member will agree to set hours of work, and the staff member will ensure they are available during those agreed upon hours. It is recommended that the CEO/Librarian and staff member communicate and collaborate on a regular or daily basis.
 - c) The CEO/Librarian and staff member will discuss performance expectations, schedules and performance goals.
 - d) Staff are reminded to ensure they protect confidential information at all times, both electronic and paper copies (e.g., bringing files home, etc)
 - e) Staff working from home are expected to allocate a designated working space with consideration to their personal safety.
 - f) While working from home, staff are covered under WSIB. Staff are obligated to ensure their designated work area is free from clutter and any hazards. The CEO/Librarian reserves the right to access the property in the event of an injury or if assistance is required is establishing a proper safe work area. Staff are obligated to report any work-related injuries immediately.
 - g) Working from home is a temporary privilege. The CEO/Librarian reserves the right to alter, modify, or change these arrangements with very little notice.

Section 6: Training

1. Work-related training, including in-house and external training seminars/workshops, will be determined on a case-by-case basis until further notice.
2. Webinars can proceed as planned.

Section 7: Board Meetings

Boarding meetings will be conducted remotely until such time as indoor group meetings are deemed safe. *See policy BL-05 Meetings of the Board* for remote meeting procedures.

The current situation remains very dynamic. As new information becomes available, guidance and decisions are subject to change. These temporary and extraordinary measures represent a temporary suspension of regular policies and procedures, and do not constitute a new precedent.
