Objective

To describe information services at the Madawaska Valley Public Library (the Library) and to guide library staff when answering reference questions.

Scope

The library's information services link people with resources to fulfil their informational, educational, cultural and recreational needs.

1. All clients seeking information will be treated equitably.
2. The Library will provide welcoming spaces and library services to Indigenous peoples, and share elements of First Nations culture with non-Indigenous persons.
3. The staff members will respect and protect the confidential and private nature of requests for information.
4. The staff members will answer all reference questions efficiently, accurately and as completely as possible, and will be guided by the board's policy on **Intellectual Freedom FN-04**. All questions will be considered important and legitimate, unless it becomes clearly apparent that they are otherwise.
5. The staff members will assist the client in finding information and will provide instruction on how to use library resources based upon the client's needs. The staff members provide the following services:
 - a) **Quick reference:** These questions can usually be answered immediately using directories, almanacs and online resources.
 - b) **General reference:** These questions usually require a lengthier search and/or the use of a number of sources to arrive at a complete answer.
6. The staff members will refer clients to the inter-library loan service, other libraries, agencies and community resources, if it is not possible to find an answer using the library's own resources.
7. The extent of individual service to each person will depend on the number of clients needing to be served. The following priorities will apply.
 - 1st priority - requests presented in person
 - 2nd priority - requests presented by telephone/voice mail
 - 3rd priority - requests sent in by mail/fax/e-mail
